

KEEPS®

YOUR HOME IS YOUR CASTLE

What are you trying to find?

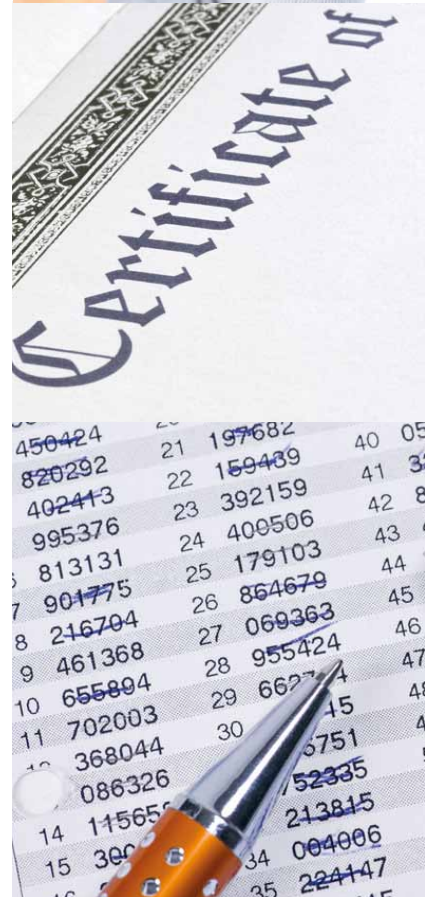

For centralised safekeeping:

- Passports and IDs
- Medical documents
- Money
- Credit cards
- PIN and security codes
- Spare keys
- Electronics
- Manuals
- Tickets
- Blue prints
- Product serial numbers
- Address books

KEEPS® is our answer to your storage needs. No more missing receipts, no lost PIN-codes, no misplaced spare keys. All your family's essential things and papers are kept safe from theft and fires.

KEEPS® has been designed to meet the requirements of modern lifestyle. Its standard structure enables you to effectively protect important documents as well as valuables and artwork of various sizes. The KEEPS® product range is also excellent for preventing unauthorised access to, for example, medicine and firearms.

KEEPS® models are very user friendly. Programmable, electronic locking mechanism allows multiple user codes and you can even have individual codes for every family member. Models with electronic locking mechanism do not even need an external power source. KEEPS® models are also available with a mechanical key lock.

What do you want to safekeep?

KEEPS® protects your personal property:

- Letters and journals
- Certificates
- Family photos
- CDs, DVDs and other storage media
- Laptops
- Tax reports, home and vehicle documents
- Legal agreements and insurance documents
- Testaments
- Bookkeeping
- Medicines and prescriptions
- Firearms
- Other items to be kept out of children's reach

Privacy protection and secure storing have become more and more important. For that, KEEPS® is an excellent alternative. It is at your disposal 24 hours a day – also outside the business hours and even during your holidays. Your belongings are always kept out of your visitors' sight – whether they are invited or uninvited.

Stylish, furniture-like KEEPS® fits seamlessly into your decoration. It is easy to install in both new and old homes. All KEEPS® models are offering clear and flexible inside fitting options for various storing needs. In addition to its tested and certified security features, KEEPS® is also light in weight.

KEEPS® is not afraid to be in the open. The security technology under the award winning design is based on Kaso-pioneered BFP® multilayer high security technology which has been burglary and fire tested in Europe's leading security test institutes. Manufacturing of KEEPS® is controlled by ISO 9001 quality management system additionally proofing for the high quality of the product for the whole lifecycle.

What is irreplaceable to you?

KEEPS® is a burglar and fire-proof place for the most precious things in your life:

- Valuables
- Jewellery and watches
- Inherited items
- Antiques
- Photographs and negatives
- Drawings
- Stamps and other collections
- Artwork and paintings

In our lives we tend to gather up items and memorabilia having both monetary and sentimental value. That is why there is KEEPS® to conveniently protect them. It is also an effective way to complement and increase your insurance coverage by protecting the things you value the most.

Theft and fires are serious threats to our homes and valuables. To minimise the damages, Kaso has developed its KEEPS® safety product range. KEEPS® has been designed for private homes

and certified according to international security standards against burglary and fire – without compromises.

With more than a century of experience in security solutions, Kaso has developed a product that enables you to keep your valuables close, safe and in perfect order. In addition, KEEPS® fits seamlessly into various home designs.
