

KASO E-300 DEPOSIT SAFES

- Easy solution for daily cash handling

Kaso Deposit Safes are specially designed for use in retail outlets and other places where money should be stored all the time in tested safe.

With this solution the security manager can keep minimum cash at the cashier's desk and lower the risk of robberies and hold-up's.

No need to give keys or opening codes of safe to the personnel.

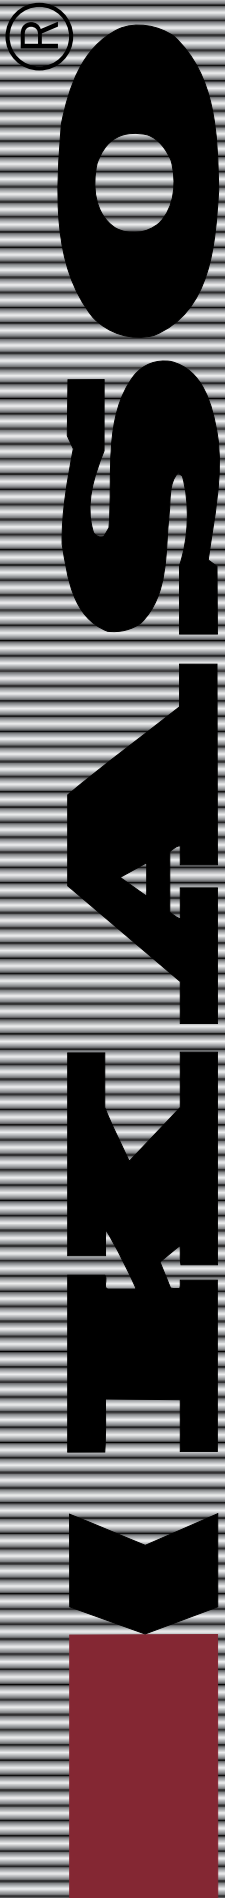

It's easy to use 24h.

High Security Solution

- Kaso E-300 Deposit safes are tested according to European Standard EN 1143-2 to Grades II and III
- The Deposit Drawer has an anti-fishing mechanism preventing manipulation
- Kaso E-300 Deposit Safe comes with a floor anchoring hole and a bolt
- Persons depositing the money have no access into the safe

Standard Features

- The E-300 safes are supplied with Mauer keylocks
- Anti-fishing mechanism
- Light weight – easy to install
- Floor anchoring
- Standard colour RAL 7035
- Maximum deposit bag size 45 (H) x 235 (W) x 155 (D)

KASO E-300 DEPOSIT SAFES

Available Options
