Basic Series

Entry Level Electronic Combination Lock

LA GARD Basic Series at a Glance

The LA GARD Basic Series electronic combination lock is the industry leader in security and reliability, at an economical price. The Basic offers users a simple, secure solution for access control and can be used on home safes, gun safes or any safe requiring the security of an electronic lock. Whether residential or retail the Basic is the perfect upgrade or replacement for the traditional mechanical lock.

The Basic is a flexible entry lock, with interchangeable locks and keypads offering a multitude of choices. Swingbolt, deadbolt and springbolt lock designs are available with this series. The Basic provides both affordability and dependability second to none.

- Gun Safes
- Residential
- Retail Safes
- Light Commercial Safes

Gun Safes

«The Basic provides peace of mind by restricting access to firearms to protect family members. At the same time, quick and dependable access is guaranteed should you need to defend your home or family.»

Secure and reliable

Residential

«Multiple input units are available for use with the Basic lock. With so many input styles and finishes available the Basic can provide both security and beauty. Whether your home is traditional, modern or anything in between, the Basic will make the perfect accessory.»

Discreet and elegant

Retail/Light Commercial

«As a replacement for mechanical locks, reliability and simplicity are the Basic's best features. No need to worry that too many know a safe's combination; with the Basic, changing the combination is quick and easy. An additional level of access control is provided by the Manager Mode's capability to add or delete a user at any time.»

Quick and customer friendly
