Atelier Boonen - ATB PS Plus

Additional information

brand: ATB Safes

Fireproof document safe with burglary protection (S120P / Grade I)

The ATB PS Plus fireproof safe combines dual certification: 120 minutes of fire resistance for paper documents (EN 1047-1 S120P) and burglary protection certified to EN 1143-1, Grade I. It is ideal for securing contracts, legal files, archives and sensitive administrative records.

The safe features a door with 180° opening angle, a three-spoke handle, and a four-way locking system. It has also been drop-tested from 9.15 metres, simulating structural collapse during a fire.

The ATB PS Plus can be fitted with a double-bitted key lock, a mechanical combination lock, or an electronic code lock. Optional interior fittings include adjustable shelves, drawers or an internal lockable compartment. A built-in fireproof datasafe is also available for the protection of digital media such as USB drives, hard disks or memory cards.

The ATB PS Plus is available in capacities ranging from 114 to 560 litres, with a choice of finishes in light grey (RAL 7035) or graphite grey (RAL 7024).
