Atelier Boonen - Sistec TSF - Fire-Resistant cabinet

Additional information

brand: Sistec safes

Sistec TSF - Fire-Resistant Safe (EN 15659 LFS 30P / EN 14450 S2)

The Sistec TSF fire-resistant safe provides reliable protection for your documents. It is certified by ECB·S and offers light fire protection according to the EN 15659 LFS 30P standard, ensuring the safe remains 30 minutes fire-resistant for documents at temperatures up to 850°C. This standard is ideal for environments with a low fire risk, such as homes or offices.

The Sistec TSF is tested and certified for burglary protection with an S2 certification according to EN 14450, making it suitable for the secure storage of documents and valuables in environments with a low risk of burglary.

The safe features a three-sided locking mechanism with steel bolts, providing additional protection against forced entry. It comes standard with a double-bitted key lock, but the Sistec TSF can also be equipped with various lock options for enhanced security and ease of use.

The Sistec TSF is equipped with adjustable shelves and offers the possibility of adding various accessories, such as internal compartments and an extendable file frame, allowing the internal layout to be customized to your needs. The safe is also prepared for anchoring, offering extra protection against theft.

The Sistec TSF comes in a light grey color (RAL 7035) and is an excellent choice for securely storing documents and valuables in environments where both fire protection and burglary protection are required.
