

Atelier Boonen - Chubb safes ProGuard

Additional information

Chubb safes ProGuard - Lightweight burglary-resistant safe with certified protection

The Chubb safes ProGuard is certified to EN 1143-1 Grade III for burglary protection, tested and approved by ECB•S. Its special barrier material ensures high security with reduced weight, enabling easier transportation and flexible installation without compromising strength.

Designed for both performance and ease of use, ProGuard features three-way boltwork, an active relocker, anti-drilling plates and certified EN 1300 locking options including key locks, electronic locks or dual locking systems.

Available in a wide range of sizes (from 65 to 463 litres), each safe can be tailored with interior fittings such as adjustable shelves, lockable drawers and extensible file frames.

As a trusted name in security since 1835, Chubb safes offers proven protection for valuables in commercial offices, retail environments and sensitive locations.

Burglary resistant Class 3

Indicated value retention Class 3: € 45 000 cash or € 90 000 valuables
