Atelier Boonen - Filing cabinets De Raat

Additional information

brand: De Raat Safes

De Raat Filing Cabinets - sturdy steel construction with flexible interior options

De Raat filing cabinets offer a secure and efficient solution for storing documents and records. Each cabinet features a double-walled steel body, with the cavity filled with insulating material. The triple-

walled door fits securely into the body for enhanced protection. A double-bitted key lock is fitted as standard, with various mechanical or electronic locking options available on request. The cabinets are professionally finished and built to last. A wide range of accessories – including adjustable shelves, pull-out drawers, and suspension file rails – allows the interior layout to be fully adapted to your specific filing needs.

See also our other security cabinets or read how to approach buying a safe in Belgium, with delivery and installation by our own team.

- Three-sided locking with steel bolts
- Standard with a double bit key lock
- Height adjustable shelves
- Color: light gray RAL 7035, black or ivory
