

## Atelier Boonen - Fichet-Bauche AF II

### Additional information

Fichet-Bauche AF II - Security cabinet for confidential information (IGI 1300 - Class B)

The AF II cabinet is designed to protect sensitive and confidential information. It meets the requirements of the French Secret Défense standard (IGI 1300 - Class B) and is a well-established choice for safeguarding data.

Available in three sizes (210 to 705 litres), with one or two doors. It features 2mm steel walls and double-walled doors with a total thickness of 65mm. Doors open up to 180° for full access. Locking is provided by 20mm cylindrical bolts, reinforced with a rear hooking bar on the hinge side, along with an automatic blocking system in case of attack.

Three locking options are available, in compliance with EN 1300:

MxB + 3 Tubes key lock

Moneo V mechanical combination lock

Nectra electronic lock

The interior can be equipped with shelves and internal compartments (370 × 220mm).

- Three-sided locking by means of 4 steel shots
- Hook-in profile on the hinge side
- Standard with a Fichet-Bauche MxB key lock and mechanical 3-button code lock
- Height adjustable shelves
- Color: light gray
