

Atelier Boonen - Cash Box

Additional information

Cashboxes are equipped with a slot or opening that allows the deposit of banknotes in the box. Cashbox cashboxes are equipped with two locks, one to open the box and another to detach the safe from its holder. The holder is fixed on a desk, in which the Cashbox slides and it is locked to it with a key lock. This makes it possible to transport the Cashbox closed.

- Constructed of 2mm steel plate
- slot length 90mm, width 4mm
- With 2 key locks (1 for opening and 1 for temporary removal)
- Color: black
