Atelier Boonen - Fichet Bauche DFX

Additional information

brand: Fichet Bauche

Fichet-Bauche DFX – Certified deposit safe with rotary drum (D1 to D4)

The Fichet-Bauche DFX is a high-security deposit safe module, engineered for fast and secure deposits without opening the main safe door. Unlike standard drawer-based systems, the DFX uses a heavy-duty rotary drum, offering enhanced mechanical reliability and controlled deposit access.

The Fichet-Bauche DFX deposit system is fully compatible with safes from the Millium, InviKtus, and Atrius series. The DFX is mounted directly on top of the safe without compromising its burglary resistance. The entire unit is certified according to EN 1143-2, available in Grades D1 through D4, and approved by ECB·S and A2P.

The deposit mechanism includes a built-in anti-fishing device to prevent retrieval through the drum. Deposit access can be configured at the front or rear of the safe, and a through-the-wall version is also available for secure remote deposit use.

The Fichet-Bauche DFX accepts various deposit envelope and cassette formats (e.g., DJN, R2) and can be

paired with key locks, badge readers, or electronic code systems.

Finish: Pearl grey.

See also our other deposit safes or read how to approach buying a safe in Belgium, with delivery and installation by our own team.

Burglary resistant: grades D1 to D4 (EN 1143-2)
Indicative value retention grade D1: € 10 000 cash or € 20 000 valuables
Indicative value retention grade D2: € 25 000 cash or € 50 000 valuables
Indicative value retention grade D3: € 45 000 cash or € 90 000 valuables
Indicative value retention grade D4: € 75 000 cash or € 150 000 valuables

- Fully certified deposit solution, tested by ECB·S to European standard EN 1143-2 in grades D1 to D4. The deposit function does not reduce the indicative value retention of the safe.
- Deposit opening with an anti-fishing device that prevents deposited valuables from being retrieved through the drum.
- Gradium composite, patented by Fichet-Bauche, for an optimised weight-to-volume ratio.
- Deposit opening can be placed at the front or rear of the safe.
- Through-the-wall system available as an option.
- Colour: pearl grey.
