

## Atelier Boonen - Fichet Bauche DFX

### Additional information

brand: Fichet Bauche

Fichet-Bauche DFX - Certified deposit safe with rotary drum (D1 to D4)

The Fichet-Bauche DFX is a high-security deposit safe module, engineered for fast and secure deposits without opening the main safe door. Unlike standard drawer-based systems, the DFX uses a heavy-duty rotary drum, offering enhanced mechanical reliability and controlled deposit access.

The Fichet-Bauche DFX deposit system is fully compatible with safes from the Millium, InviKtus, and Atrius series. The DFX is mounted directly on top of the safe without compromising its burglary resistance. The entire unit is certified according to EN 1143-2, available in Grades D1 through D4, and approved by ECB-S and A2P.

The deposit mechanism includes a built-in anti-fishing device to prevent retrieval through the drum. Deposit access can be configured at the front or rear of the safe, and a through-the-wall version is also available for secure remote deposit use.

The Fichet-Bauche DFX accepts various deposit envelope and cassette formats (e.g., DJN, R2) and can be

paired with key locks, badge readers, or electronic code systems.

Finish: Pearl grey.

Burglary resistant Class D1,D2,D3,D4

Indication value storage class D1: € 10 000 cash or € 20 000 valuables

Indication value storage class D2: € 25 000 cash or € 50 000 valuables

Indication value storage class D3: € 45 000 cash or € 90 000 valuables

Indication value storage class D4: € 75 000 cash or € 150 000 valuables

- The Fichet-Bauche DFX is a fully certified deposit solution, tested and certified by ECB.S in accordance with European standard EN 1143-2 in Grades I,II, III or IV. Important to mention is the fact that the deposit function does not affect the indication value storage of this safe.
- The deposit function is equipped with an anti-handling device that prevents reaching the deposited values.
- Fichet-Bauche patented Gadium composite for an optimized weight to volume ratio.
- Deposit opening can be placed at the front or rear edge of the safe.
- Optional through-the-wall system possible
- Color: pearl gray.
