Atelier Boonen - Weapon safe Burg-Wächter Ranger

Additional information

brand: Burg-Wächter safes

Burg-Wächter Ranger – Gun safe Grade 0 and Grade 1 (EN 1143-1, ECB·S)

The Burg-Wächter Ranger is a certified gun safe designed for the secure storage of long firearms. The range includes models in Grade 0 and Grade 1, suitable for five, seven or eight long firearms. With its robust construction, practical interior layout and different lock options, the Ranger series offers a suitable solution for sport shooters, hunters and collectors.

The Burg-Wächter Ranger N 5 E is a compact gun safe in Grade 0, designed to store up to five long firearms. With its triple-walled body, three-sided locking system and SecuTronic electronic lock, this model combines certified security with ease of use.

The Burg-Wächter Ranger N 7 E provides additional capacity and is suitable for up to seven long firearms. This gun safe is also EN 1143-1 Grade 0 certified, equipped with an electronic lock and practical storage compartments inside the door. Its removable door makes transport easier, while the pre-drilled fixing holes allow for secure anchoring.

For larger collections, the Burg-Wächter Ranger 800/8 E FP offers a higher resistance class. This Grade 1 gun safe can store up to eight long firearms and features a double-walled construction, three-sided locking with solid steel bolts and an emergency relocking system for increased resistance. Depending on the version, the safe can be fitted with the SecuSafe key lock or the electronic SecuTronic code lock with fingerprint function.

Whether you need a compact or spacious gun safe, the Burg-Wächter Ranger offers certified security, solid construction and a reliable solution for storing firearms.
