

## Atelier Boonen - Weapon safe Burg-Wächter Ranger

### Additional information

Burg-Wächter Ranger – gun safe in Grade 0 and I

When security and certification matter, the Burg-Wächter Ranger gun safe range offers the ideal solution for firearm storage. These safes combine robust construction with European EN 1143-1 certification.

The Burg-Wächter Ranger N 5 E is a compact gun safe in Grade 0, designed to store up to five long firearms. With its triple-walled body, three-sided locking system and SecuTronic electronic lock, this model ensures both safety and ease of use.

The Burg-Wächter Ranger N 7 E provides additional capacity for up to seven long firearms. This gun safe is also EN 1143-1 Grade 0 certified, equipped with an electronic lock and practical storage compartments inside the door. Its removable door makes transport easier, while pre-drilled holes allow for secure anchoring.

For larger collections, the Burg-Wächter Ranger 800/8 E-FP is the premium choice. This Grade I gun safe features a triple-walled construction, three-sided locking with solid steel bolts, and an emergency re-locking device for extra resistance. Depending on the version, it can be fitted with the mechanical SecuSafe lock or the electronic SecuTronic lock with fingerprint access.

Whether you need a compact or spacious solution, the Burg-Wächter Ranger gun safe delivers certified security and reliable storage for firearms and ammunition.
