Atelier Boonen - Technomax Key safes

Additional information

brand: Technomax

Technomax Key Safe – for 40, 92 or 120 keys

Technomax key safes provide a stylish and secure solution for organised key storage. Built with 2.5 mm thick walls and a 6 mm solid steel door, each safe features internal hinges and a flush-fitting door. The single-sided locking mechanism includes two solid steel bolts. Model CK is equipped with a double-bitted key lock (2 keys included), while Model CE features a programmable electronic code lock with emergency override (2 keys included). Model CE 92 is fitted with extra-large key hooks. All models are prepared for secure wall mounting and finished in dark grey.

See also our other key safes or read how to approach buying a safe in Belgium, with delivery and installation by our own team.

- CE with battery operated electronic lock, equipped with contact points for emergency power supply and also equipped with double bit emergency key lock.
- CK with double bit key lock
- Anchor holes provided in back
- Color: gray
