Additional information

brand: ATB Safes

ATB Filprotector NT – Fire-Resistant Drawer Cabinets

The ATB Filprotector NT fire-resistant drawer cabinets offer reliable protection for your documents. Certified by ECB·S and in accordance with the EN 15659 LFS 60P standard, the cabinet provides 60 minutes of protection for paper at temperatures up to 850°C, making it ideal for environments with a moderate fire risk, such as offices and homes.

Available in 2, 3, or 4 drawers, they are suitable for A4 and folio-format documents. The cabinet comes equipped with a central cylinder key lock and 2 keys.

The ATB Filprotector NT features a RAL 7035 (light grey) finish and is designed for long-lasting use in demanding environments. It provides both fire protection and a practical solution for the secure and organized storage of documents.

See also our other fire resistant cabinets or read how to approach buying a safe in Belgium, with delivery and installation by our own team.

- Fire resistant 60 or 120 minutes for paper.
- Central locking of drawers by cylinder lock
- color: light gray
