

Atelier Boonen - Fichet Bauche Inviktus

Additional information

brand: Fichet Bauche

Fichet-Bauche Inviktus - High-security safe with triple protection: burglary, fire and explosives

The Fichet-Bauche Inviktus safe represents the pinnacle of physical protection for high-risk environments. This premium-grade safe offers triple certified protection: burglary resistance (Grades III to VI, EN 1143-1 certified by ECB-S), fire resistance for 60 minutes (NT FIRE 017, 927°C), and explosion resistance (EX-certified). Optional versions are also available with core drill protection (CD).

The Inviktus is equipped with a three-sided locking mechanism with active solid steel bolts, plus a full-height rear locking profile on the hinge side, making hinge attacks ineffective. A fire-expanding intumescent strip seals the door and frame against heat, flames and smoke during a fire.

The locking and boltwork system is reinforced with advanced shielding and protected by active and passive relocking systems that activate in response to tampering or forced entry. Staying true to Fichet-Bauche's legacy, the Inviktus comes with two A2P-certified locks, such as:

- MxB key lock (Fichet-Bauche, Class B/C – EN 1300)
- Moneo mechanical combination lock (Class C)
- KelNet electronic code lock (Class B/C)

Thanks to an exclusive composite material developed by Fichet-Bauche, the Inviktus is relatively

lightweight compared to its resistance class, making installation easier without compromising on security. Its slim wall design also provides maximum internal storage volume with minimal external footprint.

With a wide range of interior fittings (adjustable shelves, lockable drawers, internal compartments) and optional DOCT alarm integration (shock, heat and opening detection), the InviKtus is engineered to withstand the most aggressive threats.

A Fichet-Bauché InviKtus safe or fireproof cabinet is the ideal choice for anyone seeking top-level security, certified protection, and proven durability.

Fire rated 60 min for paper

Burglary resistant class 3,4,5,6

Indication value storage class 3: € 45 000 cash or € 90 000 valuables

Indication value storage class 4: € 75 000 cash or € 150 000 valuables

Indication value retention class 5: € 125 000 cash or € 250 000 valuables

Indication value retention class 6: € 250 000 cash or € 500 000 valuables

- Tested by CNPP and certified by ECB.S according to European standard EN 1143-1 Grades III,IV, V and VI
- Fire resistant tested 60 minutes for paper according to NT 017 60 Paper
- Additional protection against explosion. Tested and certified EX according to EN 1143-1.
- Three-sided locking by means of steel bolts.
- Hook-in profile on the hinge side
- Fitted as standard with a Fichet-Bauché Mxb key lock and mechanical code lock Moneo
- Height adjustable shelves
- Prepared for anchoring
- Color: black
