Atelier Boonen - Salvus key safe

Additional information

brand: Salvus safes

Wall-mounted key safe – for 56, 100 or 183 keys

This heavy-duty key safe is designed for secure and organized key storage. Available in three models with 56, 100 or 183 key hooks, it offers professional key management for buildings, rentals, healthcare and more. The solid construction features a three-sided locking system with solid steel bolts, fixed hinge-side bolts and external hinges allowing a 180° door opening. Equipped with a double-bitted key lock as standard, with optional electronic code locks, badge access or emergency override key. The locking mechanism is drill-protected. Prepared for secure wall mounting.

See also our other key safes or read how to approach buying a safe in Belgium, with delivery and installation by our own team.
