Atelier Boonen - Salvus Tivoli

Additional information

brand: Salvus safes

Salvus Tivoli – Grade 1 deposit safe with locking drawer (EN 1143-2)

The Salvus Tivoli is a certified deposit safe compliant with EN 1143-2 Grade D1, designed to securely receive daily takings or sensitive documents without opening the safe door. With its certified burglary resistance, it offers a dependable solution for retail, hospitality, and office environments.

The deposit drawer is independently lockable and fitted with an anti-fishing device, which prevents access to contents through the deposit opening. For full security, the drawer must be locked after each deposit. The drawer is available in several formats, depending on the model.

The Salvus Tivoli is equipped as standard with a double-bitted key lock (EN 1300 certified), four-sided door locking, and height-adjustable shelving. Both the deposit drawer and the main door can be fitted with various locks: a mechanical combination lock or an electronic code lock, optionally with time lock, time delay and audit function. The door opens to 180°, and the safe is provided as standard with four anchoring holes at the base for fixing to the floor.

Finish: graphite grey (RAL 7024). Available in various models, including Tivoli 1 through 4 and the compact

Tivoli 1S.

Burglary resistant class D1 (EN 1143-2)
Indicative value retention class D1: € 10 000 cash or € 20 000 valuables

- Tested and certified by ECB·S in accordance with the European standard EN 1143-2, Grade D1.
- Multi-walled construction of body and door with composite filling.
- Four-sided door locking: moving solid steel bolts on three sides and a full-height hook profile on the hinge side, locking the door into the body and rendering attacks on the hinges ineffective.
- Lock and locking mechanism protected by additional armour plating.
- Equipped as standard with a double-bitted key lock; drawer and main door can be extended with a mechanical or electronic code lock.
- Provided as standard with four anchoring holes at the base.
- Colour: graphite grey RAL 7024.
