

Atelier Boonen - Salvus Tivoli

Additional information

Salvus Tivoli - Grade 1 deposit safe with locking drawer (EN 1143-2 D-I)

The Salvus Tivoli is a certified deposit safe compliant with EN 1143-2 Grade D-I, designed to securely receive daily takings or sensitive documents without opening the safe door. With its certified burglary resistance, it offers a dependable solution for retail, hospitality, and office environments.

The deposit drawer is independently lockable and fitted with an anti-fishing device, which prevents access to contents through the deposit opening. For full security, the drawer must be locked after each deposit.

The safe is equipped with a double-bitted key lock (EN 1300 certified), a three-sided locking system with solid steel bolts, and height-adjustable shelving. The door opens to 180°, and the safe is prepared for floor anchoring through four pre-drilled holes at the base.

Finish: graphite grey (RAL 7024). Available in various models, including Tivoli 1 through 4 and the compact Tivoli 1S.
