Atelier Boonen - ATB Cash

Additional information

brand: ATB Safes

ATB – Burglary-resistant private safe (EN 1143-1, Grade I)

The ATB is a freestanding private safe, certified to EN 1143-1, Grade I. Its reinforced double-walled construction and four-sided locking system provide reliable protection against burglary attempts.

The multi-layered door is 85 mm thick, with a 12 mm outer steel panel. The handle is fully recessed and flush with the door surface. Depending on the lock type, the locking mechanism can also be flush-fitted for a clean and discreet appearance. The door opens 90° and is hinged on the right.

The ATB is prepared for floor anchoring (2 points) and rear wall anchoring (2 points). Mounting hardware is included.

Available with key lock, mechanical combination lock, or electronic code lock, with optional features such as time delay or audit trail. The ATB series is offered in various sizes and combines certified security with a clean, functional design.
