

## Atelier Boonen - DRS Prisma VII

### Additional information

Grade VII fire- and burglary-resistant safe

The DRS Prisma VII is a high-security safe, certified to EN143-1 Grade VII, and offers 30 minutes of fire protection for paper documents according to EN15659, LFS 30 P, tested at temperatures up to 850°C.

Its robust multi-walled construction is reinforced with high-performance burglary-resistant armour, including special protection against drilling, cutting and thermal tools. The three-sided locking system is supported by multiple internal relockers that activate automatically in the event of an attempted break-in.

The Prisma VII comes standard with two double-bitted key locks (EN1300 Class C), but can also be configured with various certified Class C electronic locking systems, depending on operational requirements.

With external hinges allowing 180° door opening, secure anchoring points, and adjustable internal shelving, this safe is built to deliver maximum protection without compromising usability.

The DRS Prisma VII offers the highest certified level of burglary resistance – engineered for environments where absolute security is essential.

Fire rated 30 min for paper  
Burglary resistant Class 7

- Tested and certified by ECB.S in accordance with European standard EN 1143-1 in Grade VII
