

Atelier Boonen - Chubb safes TRIFORCE T2

Additional information

brand: Chubb safes

Chubb safes TriForce T2 - Maximum protection against burglary, fire and explosives

The Chubb safes TriForce T2 is the ultimate solution for high-risk applications requiring maximum protection. Certified to the enhanced EN 1143-1:2019 T2 standard in Grades IV, V and VI, it combines state-of-the-art burglary resistance, explosion resistance (Grades IV EX to VI EX), and fire resistance into a single safe.

Tested with next-generation tools, including thermal and power tools, the TriForce T2 offers resistance to today's most sophisticated attack methods. Its 60-minute fire certification (NT Fire 017 - 60 Paper) guarantees protection for paper contents under extreme temperatures up to 1000°C.

Supplied with two locks as standard - a key lock and a mechanical combination lock - the TriForce T2 also supports a factory-installed electronic lock certified to EN 1300 Class B, featuring programmable user codes, time delay, and silent duress alarm functionality.

Optional enhancements include Planar Protection (alarm-ready internal wiring) and Core Drill (CD) protection, offering reinforced drilling resistance without compromising fire protection.

With a wide model range - from 95 to 1090 litres - ergonomic soft-touch handle, and customisable interiors, the TriForce T2 sets a new benchmark for physical security in sectors such as finance, defence, and critical infrastructure.

Fire-retardant 60 min for paper

Burglary resistant class 4,5,6

Indicative value storage class 4: € 75 000 cash or € 150 000 valuables

Indicative value storage class 5: € 125 000 cash or € 250 000 valuables

Indicative value storage class 6: € 250 000 cash or € 500 000 valuables

- Tested and certified by ECBS in accordance with European standard EN 1143-1 Grades III, IV, V and VI.
- Fire resistant tested 60 minutes for paper according to NT 017 60 Paper

- Additional protection against explosion. Tested and certified EX according to EN 1143-1.
- Three-sided locking by means of steel bolts.
- Hook-in profile on the hinge side
- Double bit key lock and mechanical code lock fitted as standard
- Height adjustable shelves
- Prepared for anchoring
- Color: anthracite gray
