Atelier Boonen - Chubbsafes 1835

Additional information

brand: Chubbsafes

Chubbsafes 1835 - Limited Edition Safe

The Chubbsafes 1835 is a special edition safe created to mark 190 years of Chubbsafes heritage, craftsmanship and security innovation. With only 190 individually numbered units available worldwide, this model is both a high-security safe and a collector's item.

Certified to EN 1143-1 Grade I (T2) for burglary resistance and EN 1047-1 class S60P for 60 minutes fire protection for documents, the 1835 features a lightweight composite body offering certified performance without compromising style.

An EN 1300 Class B electronic lock automatically engages upon closing the door. Inside, you'll find leather-lined drawers and optional watch winders for storing jewellery and valuables. The distinctive trident handle pays tribute to Chubbsafes' historical TDR models and signals locked status at a glance.

Available in four unique colours, the 1835 is designed to complement elegant interiors while providing professional-grade protection.

More than just a safe — it's a symbol of legacy, precision and trust.
